24 hours of Mentor-assisted coaching with live families

The Resource Family Coaching Plan

(Step-by-step method for families)

Virtual and online support and assistance

Register at: www.ResourceRealizations.com

The **Certified Family Coach Program** is open to all certified coaches or professionals with comparable portfolios. After the training weekend the coaching students will work with real families for eight weeks with the help of Family Coaching Mentors and Master Coaches and Trainers. Coaches certify after logging 24 Mentor-assisted coaching hours in as little as 8 weeks.

The program has been designed around the **Resource Family Coaching Plan** developed by *Resource Realizations* a training organization that has been working successfully with families for over 15 years. This 8-week, in-home program teaches families about values-based living, effective communication and shared purpose with the coach as their guide. At the end of the program, families are empowered to create their own winning strategies for family success and meaningful family living.

The program is offered in Tempe, Arizona on October 5th–8th. Tuition is \$1195. Coaches can earn back the cost of tuition with two family clients. (Two families receiving coaching for 8 weeks at the a cost of \$125 an hour results in \$2000.)

If you have ever thought of working with families in a positive way or if you are looking to expand your practice, Family Coaching may be the next logical step. The beauty of the **CFC** is that the education process fits right into your regular coaching business taking only 3-7 hours a week. In less than two months you will have the competency and tools sets to be an effective family coach. Seating is limited to 30 students.

ICF Incentive: Sign up for the CFC between now and July 15th and receive a complimentary copy of Stephen Covey's *7 Habits of Highly Effective Families*.
